1. INTRODUCTION

Our Mission

Our mission is to build a community of spiritual healing by empowering and supporting faith organizations in their service to people suffering from substance abuse and other addictions through prevention, awareness, education, and training.

ABOUT THE DIRECTORY

This directory comprises of faith-based substance abuse, gambling, and HIV/AIDS programs throughout the state of Missouri. The directory was compiled by Committed Caring Faith Communities and is updated periodically. If you would like to have information regarding your faith-based program included in this directory or submit changes to a current listing, please forward the information to:

Committed Caring Faith Communities

When Program Began: 1994
Open to Public: Yes
Open to All Faiths: Yes

Description:

CDM's mission is to address the needs of those that are drug addicted, former drug and alcohol addicted individuals, and families with drug and alcohol addicted members. On a weekly basis we minister to the needs that are present, with an emphasis on support to those endeavoring to walk more victorious. Through scripture and testimony we encourage and strengthen. All services are overseen by the pastor and carried out by the director. Each meeting is facilitated by one of the S.P.A.C.E. team members who have manifested deliverance through and exhibited commitment to weekly meetings. The Twelve Tools that are communicated are enforced by scripture references. Each week the attendees are encouraged to work/apply that Tool to his/her persona situation. It is this continuous self-evaluation that allows the attendee to execute change. After sitting through all Twelve Tools we evaluate change. Although we expect change to occur, we realize it is an individual progression, therefore success is not determined by general goals, but rather individual manifestation of growth. Each new attendee is encouraged to submit to a level of accountability he/she can maintain. This is accomplished by one-on-one fellowship with one or more of the S.P.A.C.E team members. His/her success in the program hinges around the willingness to manifest humility. We also provide information for treatment centers in the City of St. Louis when necessary.
